Hi Everyone,

Thanks for all your responses. It looks like there is a team working on this already. It seems like there would be large 404 impacts, and maybe adding a WTR8 person to the evaluation team would be useful. Eric Raffini and Melissa Scianni are assigned the Delta counties in our office but I don't have a good sense for their workload or ability to get involved or Dave's priorities for them.

Thanks Erin. Laura Fujii had sent the NOI to me, Carolyn and Tom and we'll be working on comments (we've commented on previous BDCP NOIs but will be augmenting those). Any suggestions are welcome. I'd be happy to share a draft letter with anyone interested - that may be a more efficient way. - KS

Hi All,

I just received the most recent Delta e-news letter, and you all may be more on top of this than I, but I saw that the BDCP will be having scoping meetings in the next few months. I wasn't aware a NEPA NOI had been published. It seems that this EIS will address portions of the CWA that are covered by various offices in Water Division and it might be a good time to identify an interoffice team (if that hasn't already been done) that would work with ERO. Laura, I'm not sure if you would be the one to review BDCP, so let us know the correct person in ERO if it isn't you.

I checked the BDCP website (<http://www.water.ca.gov/deltainit/bdcp.cfm>) and see that there is a NOP (http://www.water.ca.gov/deltainit/docs/bdcp_nop.pdf) published for CEQA but don't see an NOI. The scoping meeting schedule is here <http://www.water.ca.gov/deltainit/docs/09-ScopingMeetings.pdf> . Proposed NEPA/CEQA Schedule is here http://www.water.ca.gov/deltainit/docs/schedule_timeline.pdf

I cc'd the folks that I know work on the Delta in Water Division but if I missed someone forward to whomever you feel is appropriate.

Erin
